Mario M. Gonzalez, Executive Director  
Greenwich Library  
101 West Putnam Ave.  
Greenwich, CT 06830

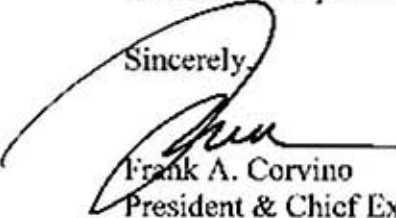

Dear Mario:

I want to congratulate you and your staff on an outstanding Peterson Business Award Dinner last Thursday. We were very delighted to be there and look forward to attending other library events in the future.

We are especially excited about our partnership to bring the highest quality of medical education to the communities we serve. Please know that we are deeply committed to work closely with you on this project.

I also want to thank you for your very active participation on the hospital's Community Advisory Board and for your involvement in the Community Health Status Assessment process. Having the library as a venue for health summit meetings, coupled with our Health Information Center partnership, have moved our two organizations into the forefront to improve community health.

Sincerely,

Frank A. Corvino  
President & Chief Executive Officer
